## 2012 Programme of workshops

Rub the pulp through a nylon sieve. Weigh the pulp and allow 1 lb sugar to 1 lb pulp. Now boil for 1-1¼ hours, stirring often to prevent sticking to the bottom of the pan.

#### A great recipe for all the damsons

**Damson Cheese  
damsons  
sugar  
water**

Put the clean fruit in the pan, add water about half way to the top of the fruit.

Simmer gently till fruit is thoroughly soft and pulpy. This may take some time as damson skins are tough and must be thoroughly softened.
